# RIDER PANEL

Emergency SOS button ko click krte hi Guardian k paas Rider ki live location ki notification chali jaye gi or aik Message jaye ga notification k sath k "Rider got an emergency, contact them ASAP!"

Rider panel mein bhi same Guardian panel wala kaam hoga Bike k status k liye, agr bike ON hogi tou Bike wala button green hojaye ga or agr Bike OFF hogi tou default white color hi rhy ga. Notification ka side panel khule ga uper notification icon ko click krne k baad, jese Guardian panel mein ho rha tha. Rider ko Oil change updates milen gi Notification wale side panel mein.

AB RIDER PANEL PR BUTTONS CLICK KRNE K BAAD JO PAGE KHULEN GY YEH USSKI UI HAI.

Yahan Rider ki live location show hogi Guardian ko Map pr

Oil Change Date mein Rider k paas current date show hogi jis din oil change kiya hoga or Rider ko kitne KM jana hai vo input hoga or submit hojaye ga. For example: Rider ko 500km drive krne k baad oil change krna hai tou jab Rider utne KM drive krle ga tou uss k paas notification ajaye gi k aap ne 500km ride krliya hai or ab dubara oil change krne ka time hogaya hai.

Check Area Risk

Stay informed and stay safe: Check any area's risk before you ride to assess potential hazards and ensure a smooth journey
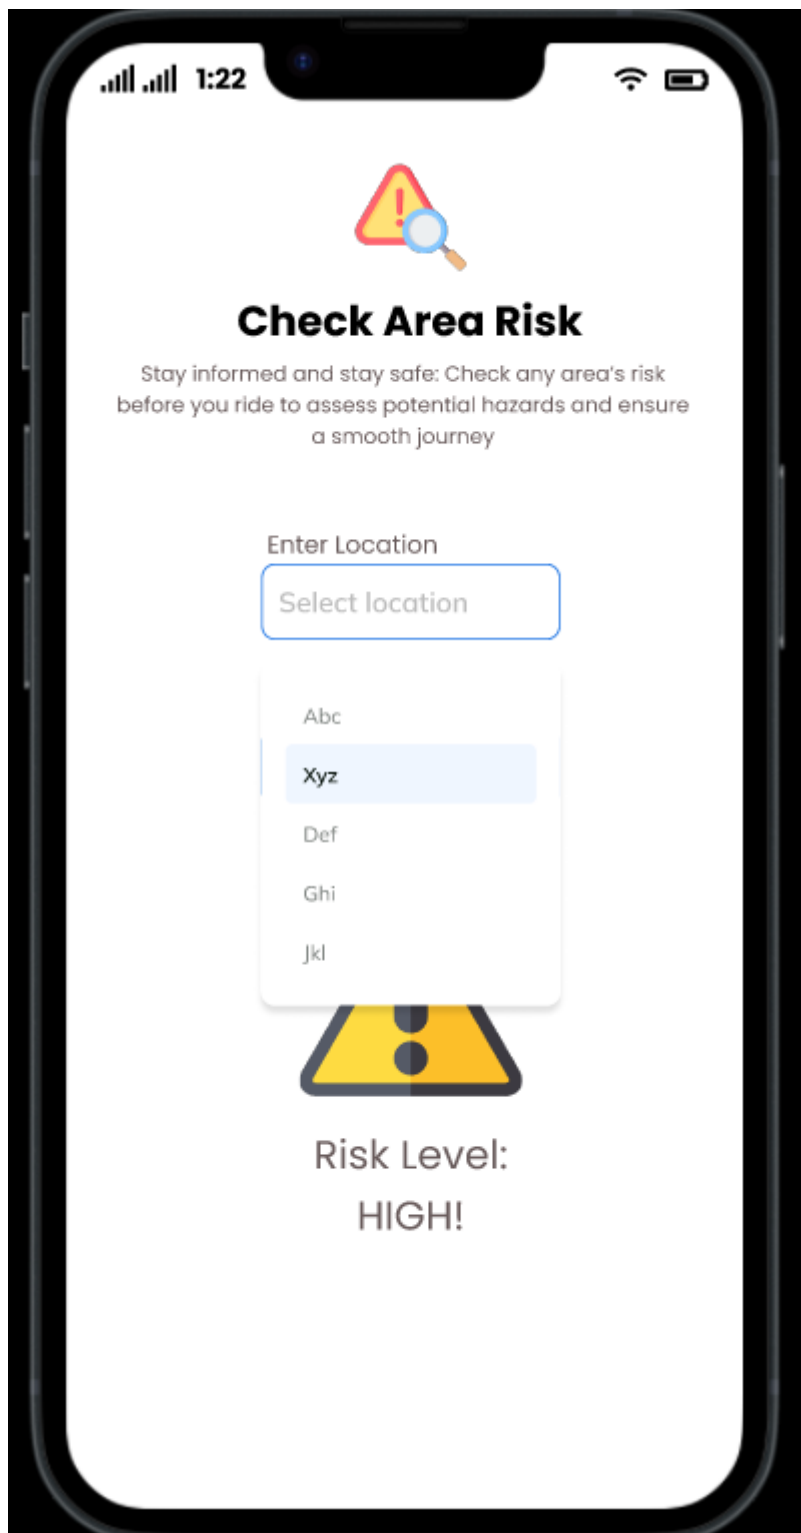

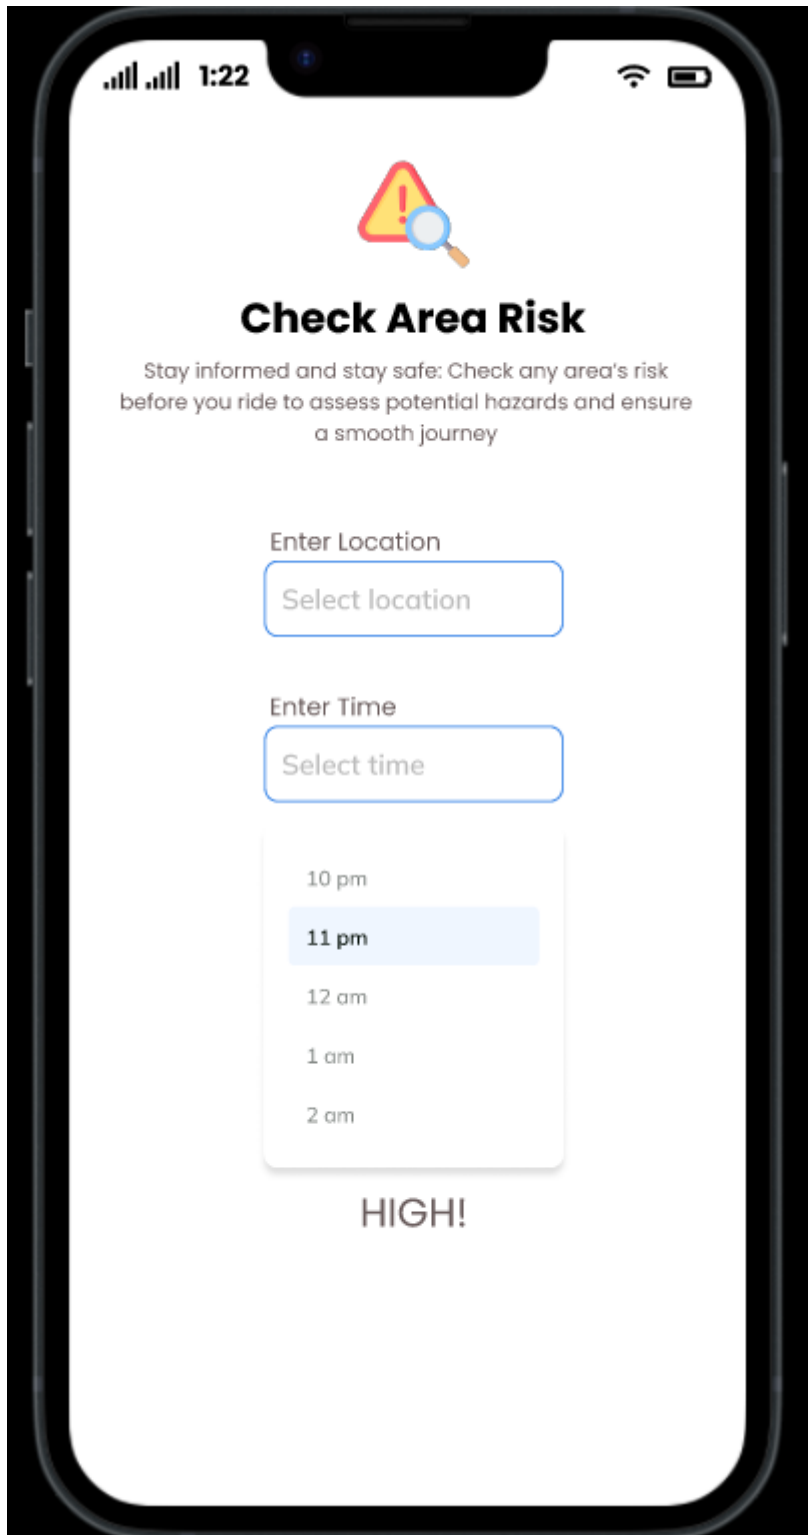

Enter Location
